

INTRODUCTION

We had the great honor of organizing the CBU International Conference 2016 (CBUIC 2016) on Innovations in Science and Education in Prague the Capital of the Czech Republic. It was truly a great pleasure for us to greet a lot of participants from many different countries attending CBUIC 2016! We firmly believe that the conference will become an important international event in the field of cross-industry discussion about innovations in Education and Science.

CBUIC 2016 was organized by Central Bohemia University and Unicorn College, Prague, Czech Republic. Proceedings were published by Central Bohemia University.

There were 139 full papers and 19 abstracts accepted for presentation at CBUIC 2016, contributed by total 351 authors (more than twice the number from previous year) from 28 countries. We had four plenary speeches and several well-known scientists and experts, to give invited presentations at different sessions.

The purpose of CBUIC 2016 was to provide a forum for the participants to report and review innovative ideas, with up-to-date progress and developments, and discuss the novel approaches to application in the field of their own research areas and discuss challenges of doing science and innovating education approaches.

We sincerely hope that the exchange of ideas on doing research, science and improving education will help the participants on one hand, and international cooperation sharing the common interest will be enhanced on the other hand.

On behalf of the Organization Committee of CBUIC 2016, we would like to heartily thank our colleagues for all they have done for the conference. We would also like to thank the authors for their contribution to the proceedings; the participants and friends of CBUIC 2016, for their interest and efforts in helping us to make the conference possible. Also to the Editorial boards for their effective work and valuable advice, especially the CBUIC 2016 Secretariat and the CBU staff, for their tireless efforts and outstanding services in preparing the conference and publishing the Proceedings.

Petr Hájek, Central Bohemia University

David Hartman, Unicorn College
